BIMA SAPUTRA
Frontend Developer
bima.saputra@example.com | Bandung (fictional profile)

SUMMARY
Product-focused frontend developer with 4 years of experience.
Comfortable in React and Vue, learning SvelteKit and design systems.

EXPERIENCE
Frontend Developer, Gamma Works (fictional), 2022-2026
- Built responsive forms and tables in React with TypeScript.
- Split a large page into components and lifted shared state into a context.
- Wrote unit tests for form validation and fixed accessibility issues found in a manual audit.
- Presented sprint demos and documented component APIs for teammates.

Junior Developer, Delta Soft (fictional), 2021-2022
- Maintained an internal admin app and improved loading states.

SKILLS
React, Vue, TypeScript, CSS, testing basics, communication
